

The ARH Cancer Center

The ARH Cancer Center is located on the campus of Hazard ARH Regional Medical Center. This \$7 million facility offers state-of-the-art technology and advanced cancer services including a Radiation Therapy Accelerator, CT Therapy Simulator, Radiation Therapy Treatment Planning System, and dedicated Chemotherapy Suite along with additional exam rooms and expanded patient/family waiting areas.

The ARH Foundation for Healthier Communities is offering an opportunity to honor loved ones touched by cancer. Memory bricks, with the loved one's name engraved into the brick, can be purchased and placed into the walkway in front of the center. Names can also be added to the Memory Plaque inside.

The ARH Foundation for Healthier Communities is the fund-raising arm of the not-for-profit ARH system. As a not-for-profit healthcare system, ARH depends greatly on the generosity and support of the communities we serve to assist in the purchase of equipment and to make new services available.

Memory Giving Options

Option 1 - Purchase a "Memory Brick" in honor of a loved one for \$100, The ARH Foundation will engrave that brick with the name of a loved one you wish to have honored.

In Memory/In Honor of _____
(Circle One)

Option 2 - Make a \$50 Contribution and have your loved one's name added to our "Memory Plaque" that is mounted in the ARH Cancer Center.

Option 3 - Make a donation in any amount you feel moved to make, as every donation makes a difference.
